

CALIFORNIA  
NATIVE PLANT SOCIETY

## **Holiday Potluck and Public Presentation: Mosses of the Sierra Nevada**

**Speaker: Paul Wilson**

Cal State Northridge

**Dec. 4, Wed., 5:30pm potluck, 7-8pm presentation**

**White Mt. Research Center,**

**3000 E. Line St., Bishop**

Paul Wilson, of Cal State Northridge, has done various botany studies in the Sierra, including studies of the pollination of beards-tongues and the geographic affinities of plants in the Bishop Creek Watershed. He will also introduce the ecology of mosses and liverworts, and present work from over the last decade on the niches of Sierran mosses in relation to elevation. The talk promises many photos of these beautiful little plants.

Please join us for a potluck beginning at 5:30pm, and presentations at 7pm with desserts. Bring a dish to share if you can.
